

## THE ADVERB

### Answers the questions: when, where, how and how much

a word that **modifies the meaning of a verb** (eg. runs quickly), but also it can change the meaning of an adjective (eg. **slightly** incorrect), an adverb (eg. **truly** **rapidly** spreading fire), a preposition (eg. **very** high **above** the bridge) and even a conjunction(eg. steadily **but** surely we reached to crest of the mountain.)

### TYPES:

| PLACE      |            | MANNER     |               | TIME        |                   | DEGREE      |         |
|------------|------------|------------|---------------|-------------|-------------------|-------------|---------|
| below      | alul/alatt | truly      | igazán        | today       | Ma                | much        | annyira |
| everywhere | mindenütt  | honestly   | őszintén      | tomorrow    | Holnap            | more        | több    |
| here       | Itt        | faithfully | hűen          | weekly      | Hetente           | very        | nagyon  |
| there      | ott        | rarely     | ritkán        | fortnightly | Minden két hétben | quite       | eléggé  |
| under      | alatt      | carefully  | ügyelvén      | yesterday   | tegnap            | Round about | közel   |
| above      | felett     | neatly     | tisztán/simán | immediately | azonnal           | nearly      | majdnem |

### ADVERBIAL PHRASE:

A cluster of words (it's not a full Predicate) with the function of an adverb: usually a Preposition + a Definite or Indefinite Noun.

| PLACE   | HU         | MANNER                 | HU                                       | TIME                | HU                      | DEGREE                          | HU                         |
|---------|------------|------------------------|------------------------------------------|---------------------|-------------------------|---------------------------------|----------------------------|
| behind  | mögött     | with care              | ügyelve                                  | in a moment         | egy pillanat alatt      | in a rather unique way          | különlegesen egyedi módon  |
| across  | átellenben | at slow speed          | alacsony sebességgel                     | at present          | jelenleg                | by way of more application      | több odaadással            |
| beside  | mellett    | under oath             | eskü alatt                               | once a week         | egyszer hetente         | in a much appreciated posting   | nagyrabecsült bejegyzéssel |
| through | keresztül  | by faithful dedication | hű odaadással                            | over and over again | újra meg újra           | by more input                   | több részvállalás révén    |
| beneath | alatt      | through swift action   | habozásmentes/határozott cselekvés révén | all of a sudden     | egyszerre csak/hirtelen | through sufficient preparedness | megfelelő előkészülettel   |
