

Your Ultimate Task is to Learn the Useful Context-specific Hungarian Outcomes for ALL of the Functions below.

Once you control the underpinning language solutions, that best cater for your own communication style underneath each function, you can claim to have a good level of Hungarian competency.

YOUR LESSON TASK:

- 1., Start a new file in your available text editor (Ms Word or any other) and name it **HU Functions**
- 2., Copy and paste the whole FUNCTIONS LIST as you can see it below into your text application eg. Microsoft Word.
- 3., Make sure to paste it into either a LIST or a TWO-COLUMN FORMAT TABLE, as your ongoing task is to write out your preferred Hungarian solutions for your chosen Function, as you can see in my given samples.
- 4., Finally, save your work, so that you can continue, where you left off last time.
- 5., Make sure to progressively complete all listed functions and submit your file for appreciation comments to antwise452@gmail.com together with your AVATAR name .

HOW TO:

You should do a **Google search** for each function as follows. ,

- a., Simply open Chrome browser (or any other), **select/copy ONE function label** below, you wish to deal with
- b., **paste the label PLUS adding in hungarian** after it, into GOOGLE search(or any other search engine), and voilà. Massive opportunity for the online learner of Hungarian language, even though the material offered is not always easy to soak up.
